This certificate is valid from **01-01-2023** to **15-02-2024**

Note:

1. This certificate serves only as an evidence of completion of DUIN covering the aforementioned substance(s) with the given notification number as provided by Health and Safety Executive (HSE) over Comply with UK REACH (UK REACH IT system) to GPC UK in the capacity of an Only Representative and is not issued by HSE itself.
2. DUIN no. covers only those substances that have been shared with HSE and as given by **Western Chemical Industries Pvt. Ltd.**. For substances other than those, from the above list and if already EU REACH registered, for its export to GB market, intimation about the same to the UK authority before 27th Oct 2021 is mandatory. Failure of such intimation to the HSE about the substance before the set date, would invite the chemical to undergo complete registration process before its exports to GB market.
3. This certificate is only a confirmation of DUIN and represents the chemicals covered within it, hence it should not be treated as tonnage coverage certificate!
4. *- Please refer to the table on Page no. 2 for registration deadline, in case you intend to change the tonnage band for registration.
